

What's the matter?

1. Match the phrases to the pictures:

I've got a **headache** I've got **toothache** I've got **backache** I've got **stomachache**
 I've got **earache** I've got a **sore throat** I've got a **cough** I've got a **cold**
 I've got a **temperature** I've **hurt** my *leg (hand, knee, finger etc)* I've **cut** myself

2. What advice would you give for each problem? There may be more than one possibility!

You should take an aspirin you should take this medicine you should go to bed
 You should put a plaster on it you should have a rest
 You shouldn't do any exercise for a while You shouldn't eat anything for a while

3. Work with your partner. One of you is the doctor.

Doctor: Hello, what's the matter?
Patient: I've got ...
Doctor: I see. You should
Patient: And I've got ...
Doctor: Really? I see. You should

4. Act out a problem. Your partner (the doctor) tries to guess. "I think you have...."
